Dear Sirs:

I just have to write and express my strong opposition to Congress giving free TV air time to Home Shopping Shows on cable. What dim wit came up with such a hairbrained idea? It is nice for people at home to have these shows to watch, I grant you. However, it is nothing more than pure advertisement and no different than a catalog from Sears, Pennys etc.

One almost wonders if someone like the all powerful tycoon, Berry Dillier, has a powerful influence on our holier than thou congress!!! It wouldn't be the first time and surely not the last. Something is funny somewhere.

Sincerely,

Joyce Arnold
